SEOUL

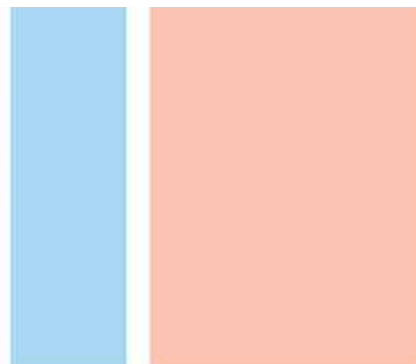

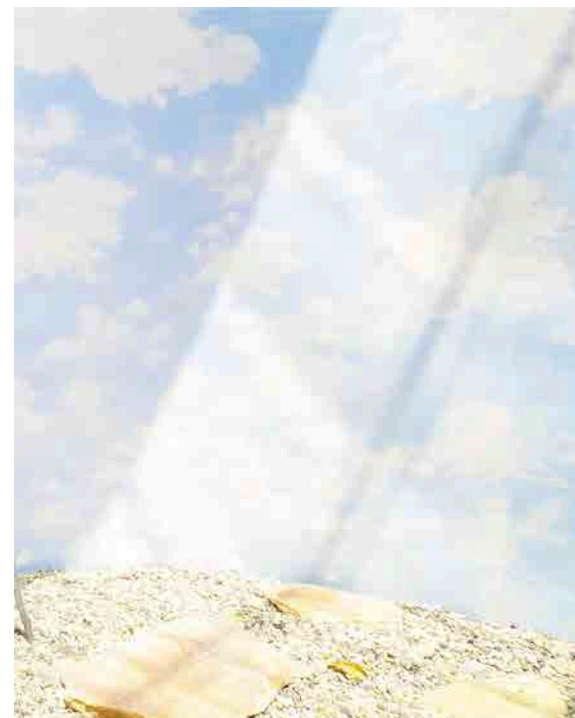

Inspired by the freshness and colorful elements from Korean style cafe, the contrasting color with the pastel tone are highly recommended for all photogenic models.

THE JOURNEY

One of our most popular zone, the bright sky room with mild old rose cactus corner inspiring the voyager's experience from Utah, Mexico in "The Journey Zone"

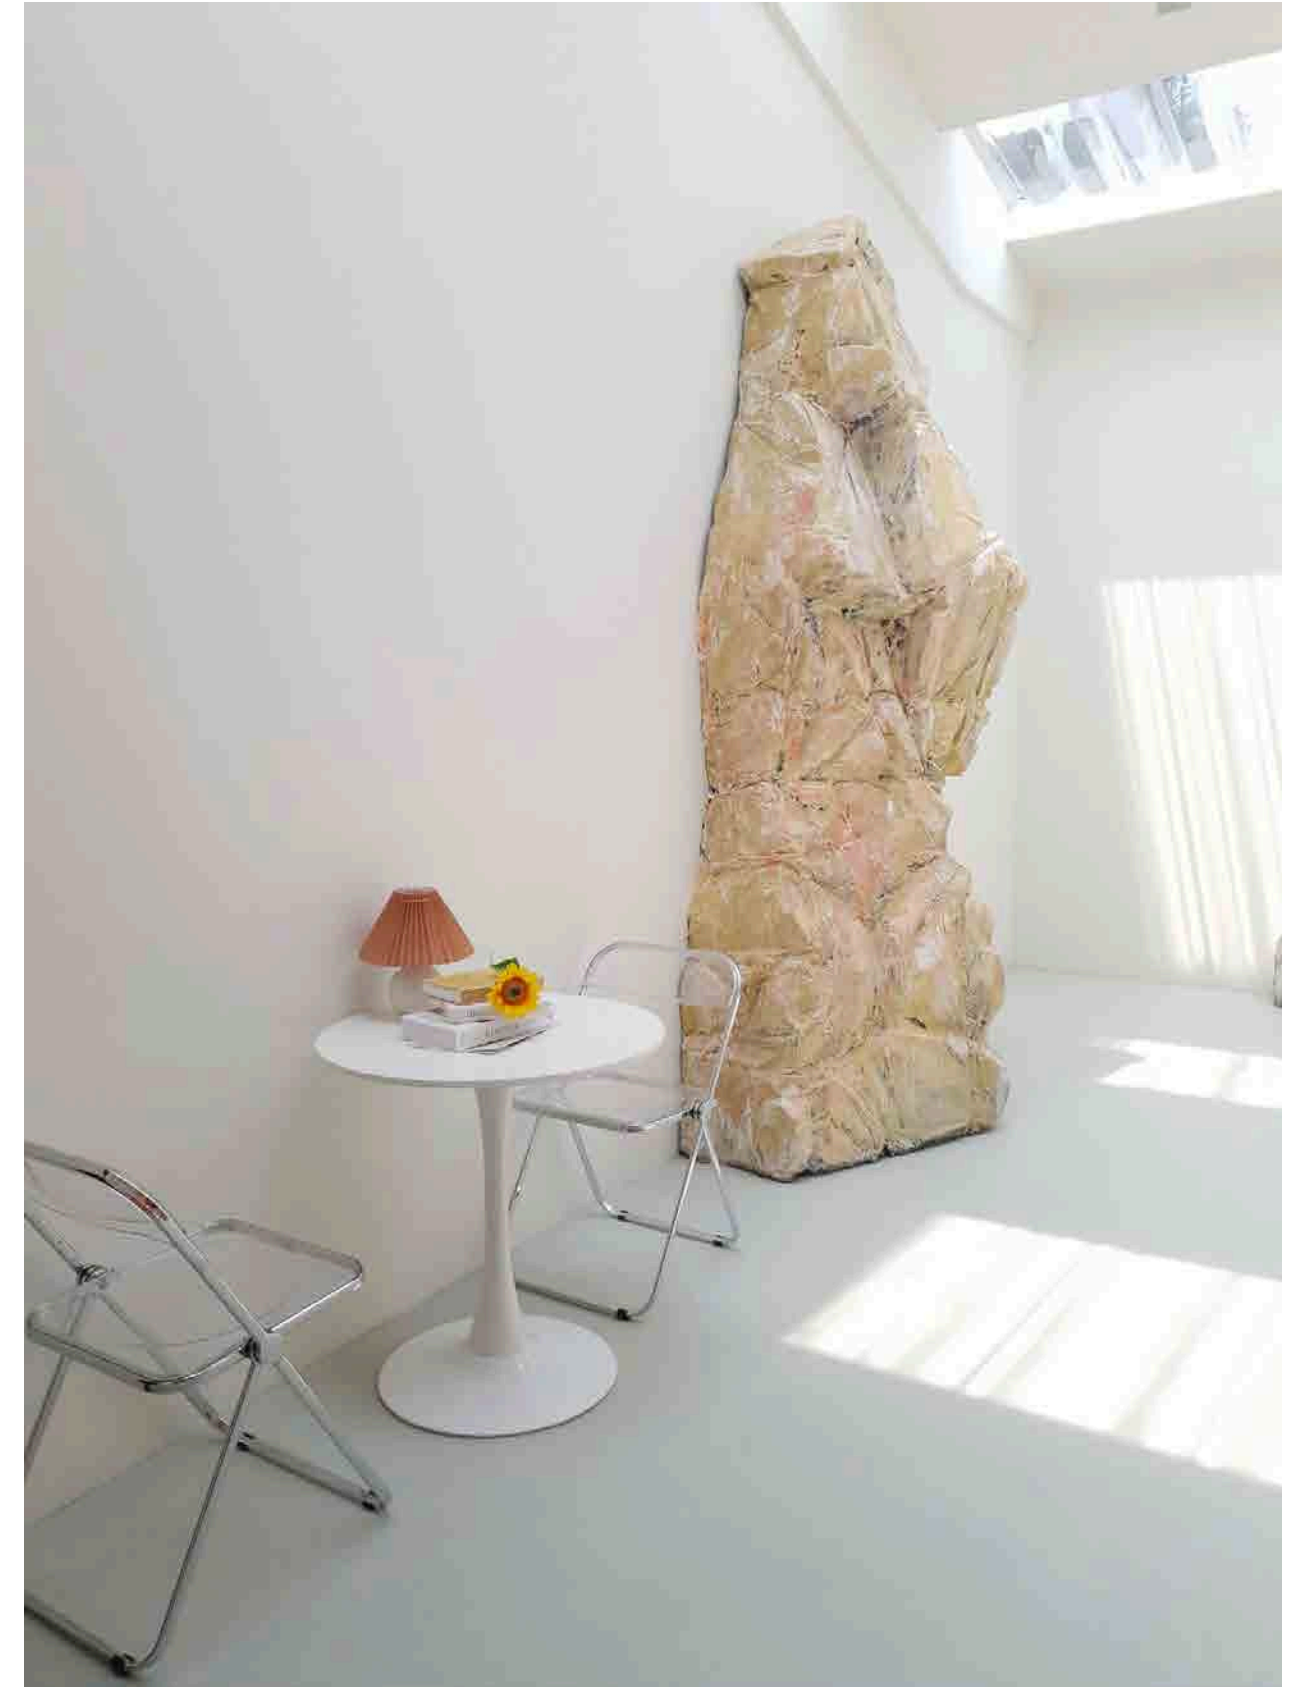

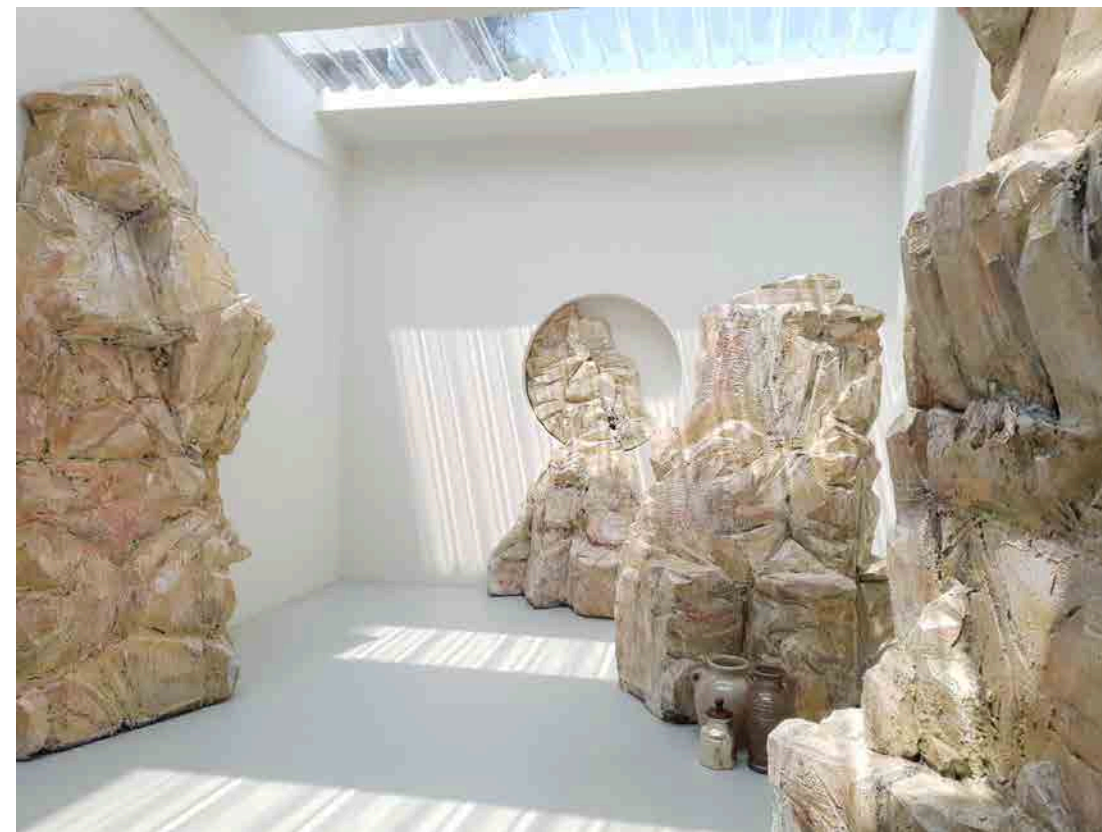

Exclusive! "The French Zone" with the scent of New Orleans oldtown; wooden floor and vintage style decoration

THE GRAND CANYON

Inspired by the Grand Canyon - USA, the fantastic valley crafted by mother nature. All the earth-tone-color rocks were rhythmically placed reflecting to the sunlight for the best aesthetic scenery. Any shooting spots within this room were created to get the natural light all day long.

THE LOUVRE

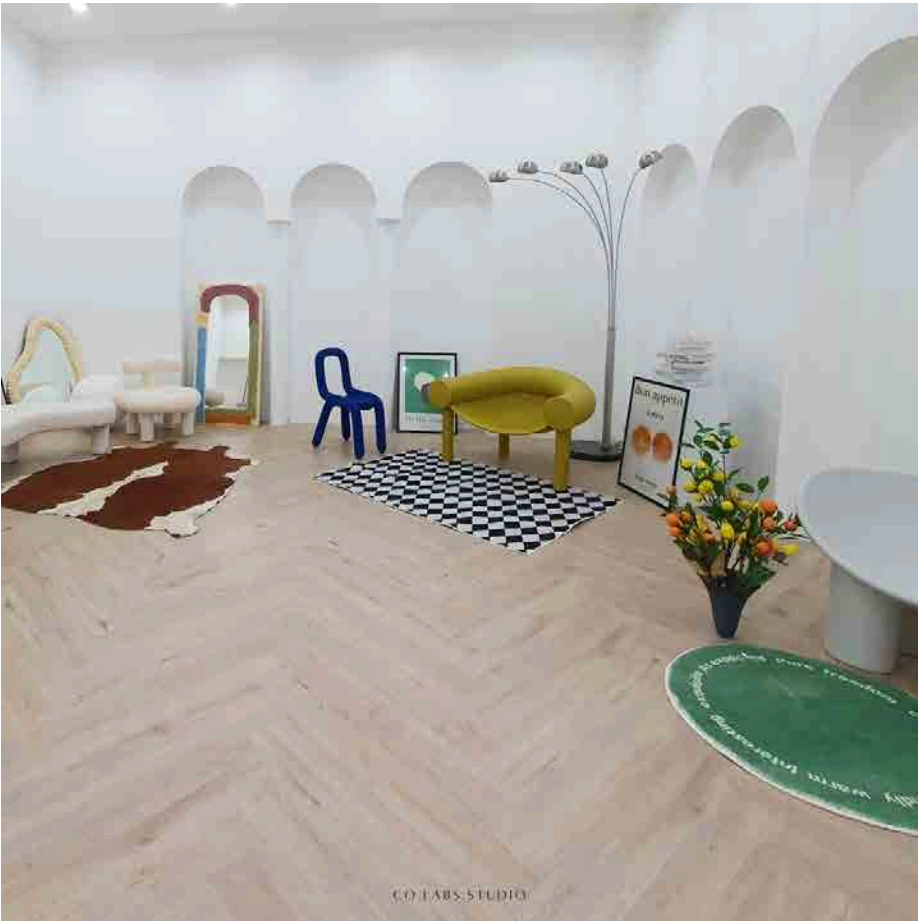

The Midtown New York in a completely white tone from floor to ceiling, adding the gimmick by the natural light reflecting the props at the different corners. Either **'Hot'** or **'Posh'**, this zone comes with adjustable decorations to be the best fit for your own style.
